Solnal" is one of Korea's holidays. It is one of the most important traditional Korean holidays. The celebration usually lasts for three days: the day before Korean New Year, Korean New Year itself, and the day after Korean New Year. It occurs in January or February. Families travel to visit relatives. An important part of the holiday is the "Sebae". It means showing respect for old family members. People eat rice cakes and noodles and play old games. People don't sleep and are awake till midnight to say goodbye to the past year. And they think if you sleep, your hair changes white. Most children know this is not true, but they like to stay awake. Additionally, children often receive money from their elders after performing a formal bow.

10
